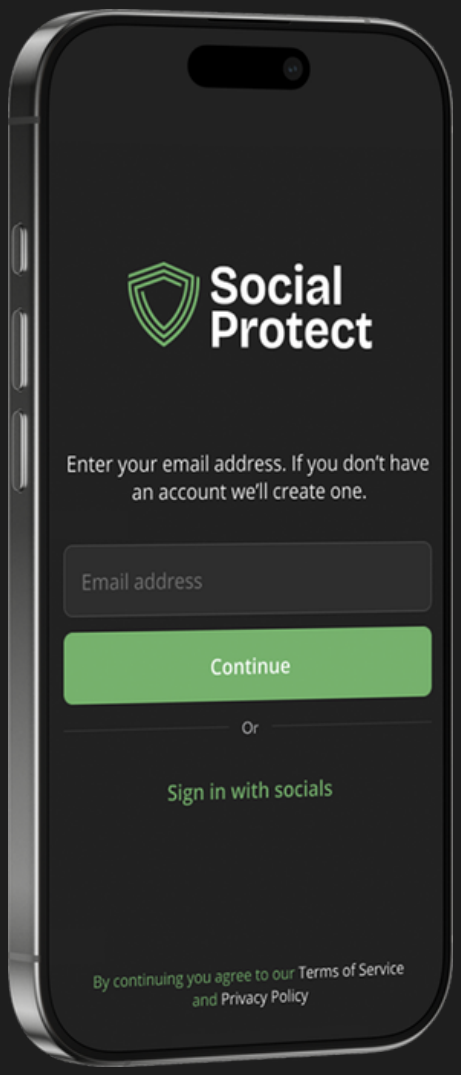
Social Protect

You have access to Social Protect Pro, a mobile app that automatically and instantly deletes abusive comments you receive on social media.

- You choose which of our 2 million keywords are active, or add your own
- You won't be sharing your password with Social Protect or anyone else
- Social Protect can't post as you, read your DMs or access your account
- You remain in control at all times



Download the app, register an account with your Social Protect Pro Access Code **Scotland26** then link accounts
